

2^{nde} – Feuille d'exercices : Entraînement à la construction de la somme de vecteurs

Exercice 1

Dans chacun des cas, construire le vecteur d'origine A égal à la somme $\vec{u} + \vec{v}$

Exercice 2

Même exercice que le précédent sans les quadrillages.

Utilisez un compas pour construire les parallélogrammes nécessaires.

Exercice 3

Construire le vecteur d'origine A égal à $3\vec{u} + 2\vec{v}$
